Patents

Patents **1 - 5** on **server with determining anti-virus scan of file to be performed**. (**0.02** seconds)

Sort by relevance | Sort by date (new first) | Sort by date (old first)

Computer **virus** screening
US Pat. 6577920 - Filed Oct 2, 1998 - Data Fellows Oyj
25 If this first **scan** does not locate a known virus, the macro virus ... where the
scanning of the **file** is **performed**, and a remote central computer. 5. ...

Anti-virus protection system and method
US Pat. 6732279 - Filed Jan 16, 2003 - Terry George Hoffman
The FTP proxy **server** and SMTP proxy **server scan** all incoming and outgoing ...
performing virus detection on the **file**; **determining** whether the **file** contains ...

Data scanning for updatable predefined properties
US Pat. 6836860 - Filed Sep 4, 2001 - Networks Associates Technology, Inc.
An **anti-virus scan** of a **file** consists of scanning that **file** for computer ...
In general an on-demand **scan** is **performed** at slack times, such as during the ...

Efficient management and blocking of malicious code and hacking attempts in ...
US Pat. 7007302 - Filed Aug 31, 2001 - McAfee, Inc.
A denial of service is a means of attack against a computer, **server** or network.
... and, for malicious code, can be **performed** using virus **scan** software ...

System, method, and program for controlling execution sequencing of multiple ...
US Pat. 7159218 - Filed Feb 26, 2002 - Lenovo (Singapore) Pte. Ltd.
If, 30 on the other hand, the job execution means is a **server**, the first job may
... to an **anti-virus** program and a job relating to an automatic **file** backup ...
